In the Paragonian Society, there will be no copyright on books because everything created in the world of form is a gift of God. There is thus no separate entity in the Universe who can be said to have written this, or, indeed, any other book. However, this understanding is not yet accepted by society at large. So we feel obliged to copyright this book in the conventional manner.

The copyrights of the illustrations used in this book are acknowledged at the end.

For  
all children everywhere, born and yet to be born, for you are destined  
to be carried by evolution to its glorious culmination.

## Imagine

*Imagine there's no heaven  
it's easy if you try  
no hell below us  
above us only sky  
imagine all the people  
living for today ...*

*Imagine there's no countries  
it isn't hard to do  
nothing to kill or die for  
and no religion too  
imagine all the people  
living life in peace ...*

*You may say I'm a dreamer  
but I'm not the only one  
I hope someday you'll join us  
and the world will be as one*

*Imagine no possessions  
I wonder if you can  
no need for greed or hunger  
a brotherhood of man  
imagine all the people  
sharing all the world ...*

*You may say I'm a dreamer  
but I'm not the only one  
I hope someday you'll join us  
and the world will be as one*

John Lennon (1940–1980)
